Commendations

"I highly recommend Manual Handling Matters. Julie Hewitt is extremely professional and provides excellent bespoke manual handling training. We rely on Manual Handling Matters to provide our annual training and assessments. I wouldn't choose any other Occupational Therapy Service."

Rita Keen (Mackadown Day Centre)

Julie quickly establishes a rapport with clients, putting them at ease and listening to their issues in relation to being moved/positioned.

The care teams find Julie easy to approach with issues and questions and find her training informative and fun.
